## October 26th Hi. School Re-Opens

The Raymond High School, which was closed for a couple of weeks to permit students to assist in the harvest fields, will definitely re-open on Monday, October 26th.

We have been asked to remind parents and guardians of school children of this date so they may keep same in mind, and so arrangements will be made that wherever possible, all High School pupils will be in school on that date. While it is not compulsory that they be there, it is pointed out by the Principal that because of the present dismissal of school, which naturally retards the length of the term, that no general review of work already taken up will be possible, and students who come in after that date will be required to carry out their own extra studies and work to catch up on their subjects.

It is hoped that all possible co-operation will be given on this matter. Nothing need be said of the benefit the help of these students has been in the harvest, and it is hoped by all concerned that when school re-opens, all students who possibly can will be there to snap the work up and co-operate with the staff in carrying out a successful and complete year's work.

Remember the date, Monday October 26th.

## IMPROVEMENT ERA WEEK OCTOBER 18-24

Again the time has rolled around when your subscription to the Era is due.

This year we have changed our plan of contacting you and take pleasure in announcing the opening of an office on main street where you may get your subscription renewed. This office will be in the King Motor's building and the office being graciously donated by L.D. King is deeply appreciated.

At the same time we feel sure that you will benefit a great deal in the display of Era's that will be set up.

Era directors Mr. and Mrs. Wm. Selman of the first Ward and S. J. Weaver and Emma Dahl of the second Ward ask your co-operation in getting your subscription renewed during Era week to save the labor of canvassing your home.

The Improvement Era is one of the few magazines that have not gone up in price due to the war, and we remind you your subscription is still \$2.00.

Definite office hours will be announced Sunday and we hope you will come in some time during the week & see "The Voice of the Church" display from the first to the last issue.

We have in mind a definite plan to get Era's to our boys in the armed service. Your donation to this cause will be gratefully accepted and appreciated. Plan to donate to this cause.

An Era in Every Home is the request of Pres. Heber J. Grant. Support us.

H. C. Phipps and wife of Card seton were visitors here Thursday this week.

While stores and offices closed Monday for Thanksgiving Day, it was a holiday in name only as those who were not busy in field or factory were busy storing garden stuff and doing preparatory work for the coming of winter.

## Freedom Or Fetters?

Next Monday, Canada's third War Loan opens, a loan which will exceed the former two by big figures, and it is hoped, will be taken up by Canadians in a short time. The loyalty and patriotism of the people of Canada in the two previous loans has been very commendable, and we are sure, that, realizing as they do the urgency of money for the prosecution of the war, that even larger and more numerous subscriptions of this present loan will be taken by Canadians.

News of Canadian soldiers manacled by order of the Nazi officials. Flashes from the occupied countries of mass execution of innocent people because they dare lift a finger against a moron whose conception of justice, fair play and human consideration has gone with his sanity to be replaced by a warped idea that the choice blood of the earth runs in his veins and the veins of a few of his henchmen; these things tend to enrage the blood and rise the anger of free people to the point where no sacrifice is too great to rid the world of such a monster. The challenge lies before us. If we want to be free, if we want to remain that for which our fathers and forefathers have fought and bled, then we must pay the price. So far, we have

not been asked for very much. True our sons and grandsons are in the service, and their lives are in danger in the tasks they are assigned. Our women and young women are answering the call and are doing their bit. But, our land is not despoiled by war and its horrors, we are not forced to air raid shelters, nor driven to distraction by the drone of planes and the whistling of bombs. We go to bed at night and sleep soundly and well, secure in the protection that is afforded us by the armed forces of earth, sea and air. We have been asked to loan our dollars to the Government for the use of carrying on the war. If we win, then our dollars will be returned to us with interest. If we lose, our money would be of no use to us anyway. Either way, we are safest when we give to assist in defeating Nazism and making the world again safe for people to live and enjoy life.

"Freedom or fetters" is a reality. This war must be won and nothing else matters. Let us, as good Canadians, and lovers of freedom, realize the need of 100 per cent support in this third loan and over-subscribe this huge one in even greater amounts that the goal has been passed in the others. After all, if our freedom and our heritage is not maintained as the

abode and refuge of liberty loving people, then we have lost all that is most dear to us, and like the occupied nations of Europe we will find ourselves vassals and slaves to war lords and persecutors who know only one law, the law of self. The world may starve, but Germany must be well fed. Innocent men, women and children may be murdered, but all is well if the war lords word is carried out. DO YOU WANT THIS?

### SUPER-SPECIAL

COMING to Raymond in aid of the 3rd Victory Loan, will be another great show assembled from the talent distributed throughout the Commonwealth Air Training Centres in Alberta.

A show similar to the entertainment given prior to the launching of the last Victory Loan which was held in the Opera House. Watch for dates for this monster attraction which will be FREE.

Mrs. Arthur Attwood, Mrs. Bert Still and Adolph Olson and son were in Claresholm Tuesday for the funeral of Mrs. Ruth Little, Sonne, sister of Alma Betts, who passed away there the end of the week.

### Y. T. SHORTS

Hello folks, here we are again inviting you to another session of Y. T. shorts.

On Thursday, with the same gang and a few new ones present, we got under way with a game of badminton, and the vim, vigor and vitality of youth was very noticeable as we tried to keep track of the birdie. Then we started the routine exercises which are guaranteed to take inches off any waistline. Some of the girls were still a wee bit stiff from previous classes, but each was determined to show the new ones how it should be done. We wondered for a time if the school was beginning to fall apart, but it proved to be only Martha's bones cracking.

The tumbling and balancing exercises provided many laughs during the evening. You should have seen that very graceful dive Georgia made backward from the top of a pyramid.

Had two new men out to class. We initiated them by putting them through some Chair Gymnastics, and they were soon doing "short arms" over the chairs. The hockey puck disappeared so we had to play basket ball — we're still wondering which one of the girls is responsible for hiding it in one of the school desks.

Sorry that we are going to lose Bill, but we hope he has as good luck doing dives, loops, and barrel rolls in his plane as he does doing them on the mat. Ping-pong proved popular; Velma has a wicked drive and when she hits the bird it really travels.

To climax the evenings activities, we were joined by the male section to enjoy a half hour of folk dancing. It would have been much more fun if our handsome partners hadn't been all in the imagination. There were only three to be shared amongst all the girls. So come on, men, your presence is urgently requested. Now, if never before, is your chance to be popular with the fairer sex. We will be expecting to see you Monday evening at the Gym.

Several have asked, "Who can come to Youth Training Classes?" The answer is "Any one sixteen years or over provided that they do not attend here. Girls at 7 p.m. Boys at 8 p.m. Everything is free so at 8 p.m.

Be seeing you every Monday and Thursday.

Your Y. T. Reporters

## Loan Opens Monday

Monday morning, October 19th, the third Victory Loan will be floated across Canada. Raymond's quota this time has been set at \$65,000.00. How long will we be raising it?

The district for this quota includes Stirling, Welling and the White School district north of here. With the same personnel as last year's loan, arrangements are complete for the beginning of work on Monday, and it is to be hoped that instead of people waiting to be canvassed, Canadians will go to canvassers or their bank and buy their bond, and buy it early so that the quota will be reached. It is our duty as good Canadians to see this loan successfully put over, and every bond sold means that Victory and Peace is that much nearer.

Our two weeks stretch of good weather was terminated Sunday night when rain commenced falling in the early evening and continued until the early hours of the morning. Best digging could not go on Monday morning, but the afternoon found the crews in the fields again and beets on the way to the receiving sheds. Again Tuesday night about 11 p.m. rain started and continued until about 3 a.m., which made things wet for the forenoon but did not stop the work and roads were busy all day with trucks, teams and tractors taking beets to the sheds. A break down in the receiving machinery caused a brief hold-up but business soon resumed as usual and wagons were unloaded about as fast as they pulled in. Forecasting of the harvest during the two weeks of good weather has brought in a great many thousands of tons of beets and it is estimated that 60 to 65 per cent of the crop is now harvested and is in the receiving sheds. Hopes are for another ten days of good weather so that this part of the harvest may be completed.

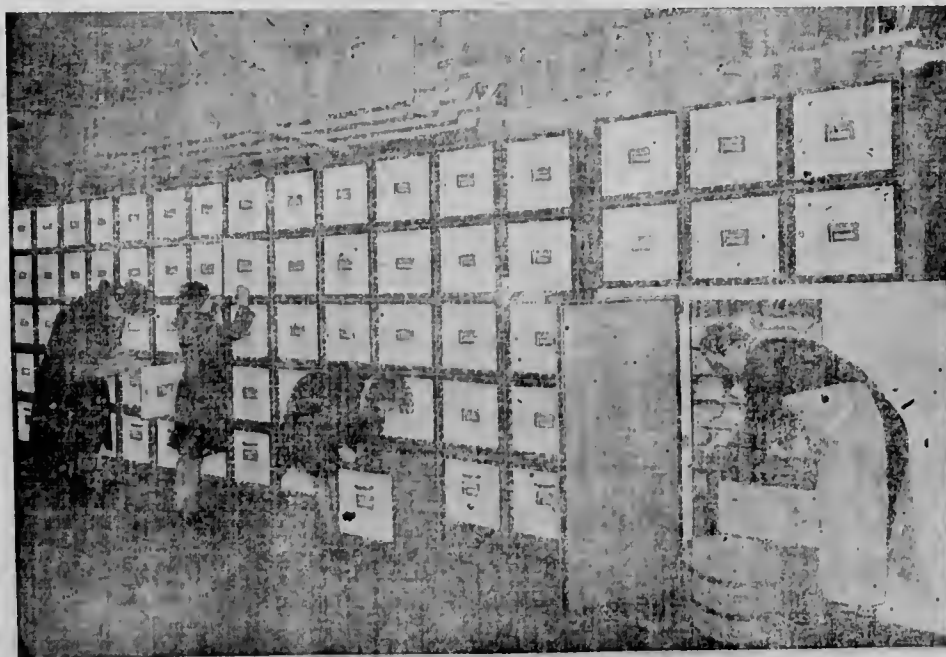

The grain harvest has been delayed in sections of the district, beets being taken first, while the grain stood in the stook, and is still there. It is not expected that stooked grain will suffer any appreciable damage by this delay and it will give beet growers a chance to get the beets up. The grain standing for the combine has deteriorated considerably, and that which is being combined now is damaged by frost and also by the continued wetting and drying that has taken place. However, there is a silver lining to all the clouds. The heavy crop has demanded a great deal of extra binning and with lumber and nails hard to get, feed grain can better afford to be left on the ground than No. 1 hard wheat and there is also the feed question for livestock which will absorb a great deal of this field damaged grain. Pastures are good and stock is being moved in from summer range into beet and grain fields as fast as the fields are cleared up.

A very good run is reported at the Sugar Factory with the sugar content of the beets holding up well, and the quality of the beets being pretty good, although locally the roots are smaller and rather woody being hard to cut in the cutters of the factory. Sugar orders continue to flood in and two shifts per day are kept busy in the sugar packing room and the sugar is shipped as fast as cars can be obtained for it. No mechanical troubles of any consequence have developed and the slicing continues at between 1,300 and 1,350 tons each twenty-four hours. While some stations in the mill are short handed and a number are working without days off, putting in seven days each week, all stations are fully manned and production of sugar continues steadily.

### Cheese Factory in Operation

Raymond's Cheese Factory has received all the way and is in operation. Culminating the Executive wish to thank months of preliminary investigation on the part of the original committee, and more months of labor by the provisional Board, up to the point where the O.K. was finally given to the project and then the permanent Board voted in, and months of work for them finally came to fruition Wednesday of this week, when the first cheese was made in the new and commodious Factory, which

houses the Cheese making department with one vat at present and room for more, a commodious aging room, a very important item in good cheese making; the egg grading station, and a locker storage system with 250 boxes and room for 150 more. The entire set-up has been pronounced by those who know as one of the finest in Western Canada.

The lion's share of the work has been carried on by the executive and Board, all of whom with one or two exceptions have been on the job since the first Committee was set up to investigate possibilities of a cheese factory for the Town. It is

### NEW INVENTION GIVES LONG GAS MILEAGE

Keen interest has been created in the claim of a Castor man, Mike Sokolsky, that he has invented a carburetor that will give 125 miles per gallon of gasoline.

In these times, when there is a shortage of gasoline and rationing has become necessary, such an invention is of vital interest to motorists. It has been suggested that the inventor lay his discovery before the National Research Council of Canada, and that his interests would be fully protected if it were found that the invention stood up to necessary tests.

The Alberta Motor Association is interested in measures that will give greater mileage to cars and officials will watch any action concerning the Sokolsky invention that will be of concern to and benefit motorists of the Province.

The inventor says the most saving is on cars that travel more than 40 miles per hour. (Federal Wartime regulations bar car owners from exceeding 40 miles per hour.) Using his invention, the car engine will take less gasoline when operated between 40 and 70 miles per hour, says Sokolsky.

The inventor says that simple mechanism is used for his carburetor. No moulding or casting is necessary and it is a simple matter to start the motor. He says the invention gives the engine a better performance and more "pep."

Hon. Lucien Maynard, Minister of Municipal Affairs and his Deputy A. Soutter, were here Tuesday and attended the meeting of the local Municipal Council of Sugar City.

### RATIONING REORGANIZATION

The Wartime Prices and Trade Board is taking steps to reorganize its ration system, chairman, Donald Gordon, said this week. By enlisting local people with an intimate knowledge of community conditions, it is planned to set up local ration offices in the municipal buildings at some 500 centres across Canada.

While final plans have not yet been announced, the Boards will be so located as to give representation to all areas.

The local boards will be staffed by volunteers chosen from among leading citizens of the communities concerned, who will work without pay as part of their war effort. Mayors and reeves are being asked to act as chairmen of the local ration boards and to submit nominations for board members. The boards will be made up of people representing agriculture, trade and industry, labor, the professions, and women.

"The move is designed to give better and more understanding service to the people of Canada with a minimum of expense and inconvenience," Donald Gordon, chairman of the Wartime Prices and Trade Board, explained. "It will bring local knowledge to bear upon local ration problems."

The local boards will have wide powers in administering local matters relating to rationing. This includes such work as issuance of ration books for new born babies, collection of the ration books of deceased persons, replacement of lost books special allowances to soldiers on leave, allowances for preserving, or other special circumstances, changes of address and similar business, which it is believed can best be handled by persons familiar with local conditions.

CANADA'S FREE PRESS  
ANSWERS

To the editors of Canada free

dom of the press is a precious right. Accordingly, when a jittery publisher in Chicago hurls the childish untruth that it isn't free, the newspapers of Canada need no assistance from south of the border in defending themselves.

Robert R. McCormick, publisher of the Chicago Tribune, leveled the libel in question at Canada Tuesday. We suspect that he will never forget the contemptuous dusting off he now has received in Canadian newspapers from coast to coast — newspaper that certainly know their vocabularies.

Said the Montreal Herald:

"The Canadian people... are not likely to take any notice save passing contempt for the burbling of a little-known Chicago publisher."

Said the Halifax Herald: "There is plenty of freedom in Canada in this war; so much freedom, in fact, that Col. McCormick still gets his newsprint from this country as he got it when his press was taking the Nazi line and displaying its notorious anti-British bias."

Said the Peterborough (Ont.) Examiner: "It is not often that a newspaper goes crazy, but it has been known to happen and if a newspaper publisher is not a level-headed man his vagaries are apt to crop up in the wildest forms in the pages of his journal."

Said the Montreal Gazette: "In what have been rather loosely termed the lower forms of life, there is only one zoological species which depends wholly upon venom as a means of attack and destruction."

Nor is plain-spoken English a monopoly of the press in Canada. Mitchell F. Heburn, premier of Ontario, summarized: "Has the man gone wrong in his head, or something?"

## VICTORY LOAN DRIVE FOR \$750,000,000 OPENS MONDAY

# We will push on to Victory!

WHEN FRANCE FELL, and Britain stood with her back to the wall, one strong jaw jutted out, and the grip of one clenched fist shook the Empire.

It was Churchill hurling Britain's decision across the channel. *Quit? ... Never! ... Fight? ... Yes, through the hell of adversity till victory is won.*

Today Canadians face challenge after challenge with the same unconquerable spirit. Today we are asked to do without so that our fighting men will have everything they need—when they smash straight into the heart of enemy defences.

Canada's ringing answer to this latest challenge will be:

"Yes, we'll fight with the last ounce of our strength, and the last dollar we can earn and save."

Canada's Victory Loan drive opens Monday. Canada's Victory Loan representative will ask for your answer soon.

Will it be "No, I do not choose to do my part?"

Or will it be "Yes! Yes!! Yes!!! I will buy Victory Bonds! I will lend all my support to help make victory sure."

You will be laying up for yourself the best of all investments—VICTORY BONDS are backed by all the resources of the Dominion of Canada; they yield a fair rate of interest; you can borrow against them; and they are readily saleable when you need the cash.

### HOW TO BUY

Give your order to the Victory Loan salesman who calls on you. Or place it in the hands of any branch of any bank, or give it to any trust company. Or send it to your local Victory Loan Headquarters! Or you can authorize your employer to start a regular payroll-savings plan for you. Bonds may be bought in denominations of \$50, \$100, \$500, \$1000 and larger. Salesman, bank, trust company or your local Victory Loan Headquarters will be glad to give you every assistance in making out your order form.

## Help Yourself--

BY LENDING YOUR FULL SUPPORT TO THIS  
CO-OPERATIVE COMMUNITY ENTERPRISE. IT  
HAS BEEN THE HOPE AND DESIRE OF THE  
BETTERORS TO CREATE AN INSTITUTION  
WHICH WOULD FURNISH A GENERAL SERVICE  
TO EVERY PERSON THROUGHOUT THE DIS-

## BUT--

WE MUST HAVE YOUR HELP. AS WITHOUT IT  
WE CAN DO NOTHING. WE CAN CARRY OUT  
THE PLANS AND INSTITUTE THE SERVICES.  
BUT THE BUILDING AND EQUIPMENT MUST  
BE PURCHASED WITH CASH. MAKE THIS A  
CO-OPERATIVE IN EVERY SENSE: HELP US  
TO PAY FOR THE PLANT BY NOW BECOMING  
A SHAREHOLDER AND THEN PATRONIZE THE  
INDUSTRY SO CREATED.

## Responsibilities Go With Rights

In no other country in the world do citizens enjoy more wholly the privileges and rights of free democracy than do we in Canada.

But the very nature of democracy that creates those rights, creates the responsibility of maintaining them.

Hundreds of thousands of young Canadians have decided that Canada is worth fighting for. We other hundreds of thousands at home must decide that Canada is worth working for — saving for — lending for.

NOTHING MATTERS NOW BUT VICTORY

### NEWS NOTES

E. E. Jensen was a business visitor in Lethbridge yesterday afternoon.

Mr. and Mrs. Geo. Fromm returned home last Thursday evening after a month's visit with relatives and friends in Salt Lake City and other Utah points. They report a very enjoyable trip.

Mrs. Miniver, which played

here last week was enjoyed by good crowds every night. It was a picture which one could really enjoy and feel the spirit of the British people during the German air raids in every scene of the film.

Bishops Hicken and Palmer of the Raymond 1st and 2nd Wards returned home Friday afternoon last from their trip to October Conference in Salt Lake City and were speakers in their respective wards Sunday evening reporting on the Conference.

**Issue Price: 100%,**  
yielding 1.75% to maturity

Principal and interest payable in lawful money of Canada; the principal at any agency of the Bank of Canada and the interest semi-annually, without charge, at any branch in Canada of any Chartered Bank.

Bonds may be registered as to principal or as to principal and interest, as detailed in the Official Prospectus, through any agency of the Bank of Canada.

Subscriptions for either or both maturities of the loan may be paid in full at the time of application at the issue price in each case without accrued interest. Bearer bonds with coupons will be available for prompt delivery. Subscriptions may also be made payable by instalments, plus accrued interest, as follows—

10% on application; 18% on 1st December 1942; 11% on 2nd January 1943;  
18% on 1st February 1943; 18% on 1st March 1943;  
18.67% on the 3% bonds OR 18.39% on the 1 1/4% bonds, on 1st April 1943.

The last payment on 1st April 1943, covers the final payment of principal, plus .67 of 1% in the case of the 3% bonds and .39 of 1% in the case of the 1 1/4% bonds representing accrued interest from 1st November 1942, to the due dates of the respective instalments.

The Minister of Finance reserves the right to accept or to allot the whole or any part of the amount of this loan subscribed for either or both maturities if total subscriptions are in excess of \$750,000,000.

The proceeds of this loan will be used by the Government to finance expenditures for war purposes.

Subscriptions may be made through any Victory Loan Salesman, the National War Finance Committee or any representative thereof, any branch in Canada of any Chartered Bank, or any authorized Savings Bank, Trust or Loan Company, from whom may be obtained application forms and copies of the Official Prospectus containing complete details of the loan.

The lists will open on 19th October 1942, and will close on or about 7th November 1942, with or without notice, at the discretion of the Minister of Finance.

Department of Finance,  
Ottawa, 16th October 1942.
